Feb 14-----Regular meeting 7:30pm
(board meeting at 6:15)
Feb 25 - Mar 3----- Snowmass Trip
Mar 13-----Regular meeting

SNOWSEEKERS.ORG

LIVE! From Lake Tahoe, California

President's February Message

Greetings from Lake Tahoe. It's no wonder this place is called Heavenly. The scenery is fantastic! The week before we arrived there was 4 feet of snow. Although it has been sunny and warm, and only 30% of the runs are open, the conditions are better than we all anticipated. Wednesday many of our group will go to Northstar to ski.

Tuesday six of the club members went on the 74 foot motor yacht, Bleu Wave, on Lake Tahoe for drinks, lunch and a two hour cruise. The scenery was spectacular. Emerald Bay is a true gem that is breathtaking to see. We all had a good time.

Devil's Head was a surprisingly good ski weekend. The management should be commended for their efforts and skill at snow making and keeping the runs in good condition. It was the beginning of January, but it was more like spring skiing. There were more than forty skiers on the trip; the youngest was my 5 years old grandson who had a blast.

We have had two successful trips for the club this year. Let's hope that Snowmass trip will continue the trend with another great ski event.

Marcie Sallmann

It's been a wild time despite the perceived shortage of snow. Our first exciting event was the "Ripperroo" parade.

The next event was the the welcoming party which turned out to be another night of wild revelry for which Snowseekers are so well known.

When we finally got to the slopes we found that even the though there were a lot of closed runs, the runs that were open were actually quite good. There were some nice mogul runs. The weather has been warm and sunny, and the scenery is spectacular.

Al Zagoria has skied 54, 000 vertical feet in 3 days. Dave Sallmann had 42,000

Other news **Juanita Tognarelli** won the word contest. The answer was **control**. Juanita had the only correct entry. She will be enjoying dinner at the "Olive Garden".

From social Chairman

Hello from sunny Lake Tahoe..

If it's still good at Wilmot Ski Area, we're going to try to go skiing on Wednesday morning Feb. 15. Call Evelyn at 847 223 5265 if you're interested in more information on times and cost.

Anyone interested in going bowling again? The 2 dates I'm thinking about are Feb. 19 or 26. Let me know so I can make reservations.

Sunday March 4, 4PM Waukegan HS , Symphony Concert with Jan Billings performing. Tickets available at the door. Enlargement of the Jan Billings fan club is appreciated.

Wear something red to the next meeting on Valentines day.

Evelyn Adams

From the Trip Coordinator.

We are near the end of our trip to Lake Tahoe and from all the reports, skiing conditions have been better than expected due to a lack of natural snow. Those who skied at Northstar resort found the conditions to be much better than Heavenly. Some of the Snowseekers have been doing other activities such as a Lake Tahoe boat tour. The weather has been beautiful. We are all gathering tonight for a progressive dinner.

Now Snowmass – When I return from this trip, I will meet with the trip leader, Ron Hodapp and advise you of any new information. Please plan to attend the Feb 14 regular ski club meeting to receive your information for the trip.

Stu Howes
